Calling All K-12 Educators
and Facilitators!

Ideate. Iterate. Implement.

Educator Training Workshop

October 17 or 19
The Henry Ford

Reframing STEM Curriculum

Designed for educators and facilitators across a variety of learning spaces, this professional development opportunity highlights how Invention Convention (IC), rooted in design thinking and project-based learning, guides students from problem identification to creative solutions while building confidence, communication and critical thinking skills for life.

Workshop Includes:

- IC Curriculum and Competition Overview
- Implementation Examples
- Interactive Lessons and Activities
- 3 Continuing Education Credit Hours (SCECHs)
- 2 complimentary tickets for a future visit

Two Sessions to Choose From:

- Saturday, October 17, 9:30 a.m.-12:30 p.m.
- or
- Monday, October 19, 1:30-4:30 p.m.
